E-Film Confidentiality on demand

E-FILM is a high-tech PET film that allows you to instantly control the opacity of your glass surfaces. Thanks to its electro-optical properties, this film can switch from transparent to opaque with just the push of a button on a remote control or a switch. E-FILM offers an elegant solution for achieving discretion and privacy on demand while maintaining a sleek, modern aesthetic.

PRIVACY
Decide when you want to be seen or not, day or night.

CONTROL
Easily switch from transparent to opaque with a remote control, a switch, or a smartphone app.

LOW ENERGY CONSUMPTION
Operates with very low energy.

LONG LIFESPAN
Manufactured to high-quality standards to ensure long-lasting use.

E-Film

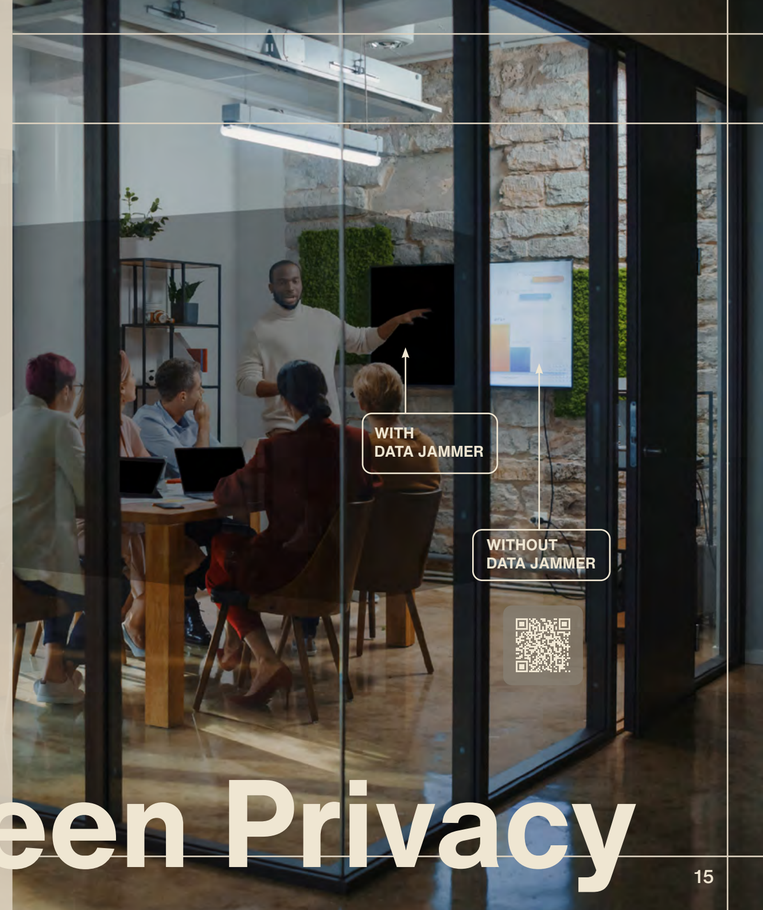

Protect your screens with the Data Jammer

The Data Jammer is an adhesive film that uses a polarizing filter to block the visibility of screens through glass while maintaining the transparency of the glass. It effectively protects sensitive information from prying eyes, ensuring complete privacy in your workspaces.

ENHANCED PRIVACY
Prevents outsiders from viewing computer screens through windows, thereby protecting sensitive information.

VERSATILE PROTECTION
Ideal for offices, meeting rooms, and any space requiring enhanced data security.

PRESERVED VISIBILITY
Maintains discreet exterior visibility while blocking unwanted views, allowing natural light to pass through without compromising privacy.
