inside

Le design au pluriel

INSIDE, c'est le studio de design intégré d'STM.

Si vous souhaitez une vitrophanie sur-mesure, avec un motif ou une gamme colorée qui vous est propre, le studio est là pour le réaliser !

INSIDE, ce n'est pas seulement votre studio de design.

INSIDE, c'est un révélateur d'idées.

A la fois dépendant mais parfaitement autonome, il est là pour donner vie à vos projets de design au pluriel.

Par pluriel, entendez Design graphique (Branding, Supports de communication...) et Design d'espace (aménagement intérieur, 3D...), nos deux pôles spécialisés.

Notre philosophie ? Allier vos idées aux notre pour rendre votre projet extraordinaire !

DÉCOUVREZ **INSIDE** !
